RE: Item CC7.8 — 33 Rosehill Ave && 44 Jackes

Dear Mr Mayor, Councillors:

We are writing to confirm our support for the settlement reached through the mediation provided under the auspices of the LPAT tribunal. Our board's representative participated in the mediation and our Board has ratified its acceptance of the result.

While we did not achieve all that we wanted, we are satisfied that the result is reasonable under the circumstances and worthy of City Council's support. We wish to express our thanks to City Legal and Planning staff who participated, as well as to the willingness of the applicant to modify its proposal to achieve a better result for both tenants and the community.

We urge you to ratify the settlement.

Yours sincerely,
Summerhill Residents Association
