Toronto City Council
City Hall
100 Queen St. W
Toronto ON M5Y2N2

Mayor John Tory and City Councillors

Re: TE9.85 - Accelerating CityPlace Vision Zero Street Safety Improvements

The CityPlace Residents' Association endorses TE9.85 - Accelerating CityPlace Vision Zero Street Safety Improvements, and call upon the full council to fully support this measure with immediate action, resources and direction at your meeting of the full council on October 29, 2019.

The CityPlace Residents Association strives to improve the quality of life for residents and encourages a sense of pride in our community.

We believe that community concerns pertaining to Traffic, Transportation, Pedestrian Safety and Active Transportation around this growing high density vertical neighbourhood requires action by city staff to rethink and redesign our streets to make them safer in compliance with vision zero requirements.

We believe that TE9.85 - Accelerating CityPlace Vision Zero Street Safety Improvements is a step in the right direction and urge council's full support.

Please do not hesitate to contact me by email at cityplacera@gmail.com if you have any questions.

Gary Pieters, BA, BEd, MEd

President

CityPlace Residents' Association
