Dear Mayor Tory and Members of Council:

Re: EX11.1 - City Building Fund

The Toronto Industry Network (TIN) supports in principle the concept of expanding the City Building Fund that we view as a dedicated property tax. We would expect that increasing spending in transit, for example, will help those working in the manufacturing sector get to their jobs and at the same time, ease congestion which affects our productivity. It would be a good outcome if increasing the stock of affordable housing would help reduce the pressure to convert employment lands.

We thank you for your attention.

Sincerely,

Craig McLuckie,
President
