The personal information on this form is collected under the authority of the Municipal Elections Act, S.O. 1996, Chp. 32 Sched. ss. 88. This information is used for the purpose of applying for a compliance audit of a candidate's or registered third party advertiser's election campaign finances. Your information will be filed with the City Clerk and will be available online through the Toronto Meeting Management Information System (TMMIS) and for public inspection by any person at the City Clerk's Office at a time when the office is open. Questions about this collection can be directed to Project Manager, 89 Northline Rd., Toronto, ON M4B 3G1 or by phone at 416-338-1111.

1. The candidate's Financial Statement was incomplete as it did not disclose the dates of all the contributions. From the Statement the public don't know whether the contributions without such important dates to be qualified ones within the campaign period.
2. The candidate filed the Financial Statement manually. It was confirmed by ~~Justin~~ Justin Niddrie from Election Services that no pink/hard copies of the receipts of the contributions were submitted at the time of filing. Although 339 records of the contributions were found in the EFFS, were they filed before the deadline? Were the records simply entered before or after the deadline, but not filed?
3. I searched the EFFS and found 339 records, missing 32 records of the contributions not exceeding \$100.
4. The Statement indicated a loan from Scotia Bank, yet there was no amount borrowed and no interest charged on loan until or after voting day.
5. The Statement showed that there was a fundraising event on 2018/09/09. There was no ticket or admission charge, only expenses of \$20,176.36. It turned out to be the Grand Opening of The Jim Karygiannis Campaign Headquarters (See Attachment P1). On the day, the media were invited as long as about several hundreds of local residents. I attended the opening, hot dogs, ice creams and other foods were served, but no such expenses were disclosed. All the expenses on the opening of a campaign office deemed to be office expenses.
6. There were no expenses of salaries, benefits, honoraria, professional fees incurred until voting day, but \$81,000.00 expenses after the voting day. No invoices or receipts were provided to verify the nature of the payments as to what kinds of services, or when the services were provided to the campaign.
7. The Statement also indicated a payment of \$5000.00 to a church, Living Stone Assembly, as a victory party expense, again without the receipt of party expenses to verify how many people attended, where the party was held and when. It might be a payment for the services the church provided to his campaign, subject to the spending limit. If it was a donation, it was not a qualified expense.
8. The goods purchased from Tri-tech Office Solutions dated 03/12/2018 may not be for the campaign office, but for his new office.
9. I restored the candidate's contributions by his team's bookkeeping order (See attachment A1-13). Judging from the order, I believe all the contributions were received before or on the voting day. Only some credit card contributions of \$46,750 were processed and the funds were received after the voting day.
10. I sorted the contributions by date contribution received (See Attachment B1-13). We found that most of the contributions had been processed by Nov. 12, 2018.
11. The last contributions of \$3300 were received on November 26, 2018. There was no need of another fundraising event.
12. Was there such an event on a Friday, December 21, 2018? If there was, it was a fund-spending event rather than fund-raising one.
13. There were 2000 copies of invitations/letterheads Fund-raising/promotional envelopes printed. That meant that about 2000 people were invited to Event 2: Santorini Grill where it can accommodate up 160 guests (See Attachment P2-6). \$21300 were paid to Campaign Support Ltd and Margot Doey-Vick to plan such an event. Again, there was no ticket or admission charge, only expenses of \$27,083.50.
