I'm scheduled to be at a court appearance on November 1 2019. In lieu of that I'm providing a written statement:

At the time of making the contributions, I had collected money from my family to commit to Ms Gebresellasié's campaign. I had then matched this money with my own money. This was my first time contributing to a political campaign so I didn't purposefully create this problem.

My Mother, Sandra Levien ([REDACTED]) had contributed \$1500, my uncle, Richard Levien ([REDACTED]) also contributed \$1000.

I'm sorry for any inconvenience this may have caused. I can be reached by email if you have further questions.

It won't happen again.

Christien
