Sustainability - Options for Power Access and Solid Waste Management**Board Recommendations**

The Film, Television and Digital Media Advisory Board recommends that the Economic and Community Development Committee:

1. Request that the General Manager, Economic Development and Culture work with appropriate city staff from other divisions to develop a pilot project that would reduce the use of diesel generators through the installation of power tie-ins in priority areas, including in new developments.

Decision Advice and Other Information

The Chair and Co-Chair, Film, Television, and Digital Media Advisory Board gave a verbal presentation on sustainability and options for power access and solid waste management.

Origin

(November 15, 2019) Presentation from the Chair and Co-Chair, Film, Television, and Digital Media Advisory Board
