---

<sup>i</sup> Pulled October 4, 2018

Note: In 2007, the Provincial Government announced a capital renewal strategy for long-term care homes in Ontario with a B or C structural classification. In 2009, mandatory design standards were revised to create consistency across the province and to modernize buildings originally constructed to house a less frail resident population with fewer and simpler medical conditions.

Long-Term Care (LTC) Homes in Toronto with Some or All Beds Eligible for Provincial Government Construction Funding Subsidy
