

Enercare Centre received a review dated August 19th from EventSource.ca. Jeff Chong wrote “We have hosted the Toronto Triathlon Festival on portions of the Exhibition Place grounds every year since the TTF's inception, back in 2012. The professionalism of the Enercare and Exhibition Place staff has been integral to our event's success and growth. In addition to our age groups races, we have also hosted national and provincial championships as well as the official Test Event for the 2015 Pan Am Games and International Triathlon Union events. We are grateful for the help and support we always receive from Enercare and Exhibition Place staff when it comes to making our event as good as it can be. I have no hesitation whatsoever in recommending this venue for events. You won't be disappointed.”
