

TO: Executive Committee, Toronto City Council
FROM: Canadian Civil Liberties Association
RE: Quayside Project
DATE: June 5, 2019

Submitted by Michael Bryant and
Dr. Brenda McPhail, Canadian
Civil Liberties Association

The Canadian Civil Liberties Association (“CCLA”) is writing the Executive Committee to advise you that our Application Record and Supplementary Record have been served and filed in the Ontario Divisional Court Application *CCLA v. Toronto Waterfront Revitalization Corporation, City of Toronto, Province of Ontario, and Canada*. These Application Records contain our Notice of Application and multiple Affidavits, including reports from independent experts assessing the project proposals. These are public documents, copies of which can be obtained from the Court File. Alternatively, it has been the practice of CCLA to post our court filings online at <https://ccla.org>. The particular link can be found at <https://ccla.org/quayside-project-application-documents/>.

The Respondents in this application will now have the opportunity to deliver their responding materials, and our counsel is taking steps to secure a timetable for the application, including a return date.

We believe that these documents are relevant to the Executive Committee and Toronto City Council’s deliberations on this matter, although we will not be making oral submissions to the Committee on June 6th. The record speaks for itself.
