

EX10.1.2

EX10.1 – Multiple Communications from 70 individuals on EX10.1 - Toronto Poverty Reduction Strategy - 2019-2022 Action Plan (Current to 4:30 pm on Thursday, November 14, 2019.)

Communications similar to the following text:

"Dear Executive Committee and Mayor John Tory,

I am writing to ask you to approve EX10.1. I am pleased that the Poverty Reduction Strategy Action Plan recommends implementing the Fair Pass TTC discount program. I encourage you to support all of the transit equity recommendations on Lists A, B, and C. **But the Fair Pass is not yet fully funded.** And 27% of eligible Fair Pass users cannot afford the current cost of \$119.40 passes and \$2.05 fares.

I urge you to fully fund the Fair Pass immediately, and deepen the discount as soon as possible. I support free TTC for people who receive social assistance, and \$50 passes and \$1 fares for people earning low incomes.

Other cities in Canada provide deeper discounts: Hamilton and Calgary are already providing a \$55 Low Income Pass. Toronto can do better.

I am deeply disturbed that the TTC will stop selling tokens and seniors tickets as of November 30, 2019, without an adequate replacement and distribution network in place. The TTC must continue selling tokens and tickets until there is adequate access to Presto tickets and loading machines across the city, not only at Shoppers Drug Mart and subway stations (recommendation 6.2.1), and until there is a solution for agencies and community organizations (recommendation 6.2.3).

Thank you,"
