

Date: March 19, 2019
To: Members of Etobicoke York Community Council
From: Deputy Mayor Stephen Holyday
Subject: Public Walkways

EY4.19

I would like to request that the following item be added to the Etobicoke York Community Council Agenda.

SUMMARY:

In 2017 Etobicoke York Community Council voted to support item EY23.36, a pilot project to close the pedestrian walkway between Acme Crescent and 1735 Kipling Avenue. I have received inquiries on the status of this pathway.

RECOMMENDATION:

1. Transportation Services report on the status of this pilot project to Etobicoke York Community Council.
2. Request Transportation Services post a notice sign on the closed walkway in consultation with the local Councillor
3. Request the General Manager, Transportation Services, to report to the Etobicoke York Community Council by Q4, 2019 on the division's strategy to maintain public walkways, throughout the Etobicoke York area, in a state of good repair, including information on how these walkways are inventoried, inspected, and maintained.

Yours Sincerely,

Deputy Mayor Stephen Holyday
Councillor Ward 2, Etobicoke Centre
