

Date: June 25, 2019
To: Members of Etobicoke York Community Council
From: Deputy Mayor Stephen Holyday
Subject: Community School Status as a Factor in Vision Zero School Safety Zone Ranking

I would like to request that the following item be added to the Etobicoke York Community Council Agenda.

SUMMARY:

Under the Vision Zero program, City staff ranks TDSB and TCDSB schools in each ward to determine the order of priority that the School Safety Zone program will be implemented. Prior to amalgamation, the City of Etobicoke developed a model of having community schools, rather than recreation centers. These local schools have a formal and permanent relationship with Parks, Forestry, and Recreation, including summer, evening, and weekend programming. Due to the additional presence of children, seniors, and families at these locations, safety risks are greater than at standard schools. Therefore I am requesting staff prioritize community and adapted recreation schools in the ranking for the implementation of the Vision Zero School Safety Zone.

RECOMMENDATION:

1. That Etobicoke York Community Council request Transportation Services to consider community school status and the presence of Parks, Forestry, and Recreation as a factor in a school's Vision Zero ranking, within the Etobicoke York District.

Yours Sincerely,

Deputy Mayor Stephen Holyday
Councillor Ward 2, Etobicoke Centre
