RECOMMENDATIONS

The Controller recommends that:

1. The General Government and Licensing Committee receive this report for information.

FINANCIAL IMPACT

The tax arrears identified in this report have been fully provided for in the Non-Program Allowance for Doubtful Tax Receivables Account in prior years. As such, there is no impact on the current year's budget and there are no financial implications arising from this report.

The Chief Financial Officer and Treasurer has reviewed this report and agrees with the financial impact information.

DECISION HISTORY

In accordance with previous Council decisions, the Controller reports to General Government and Licensing Committee twice a year providing a list of properties with tax arrears greater than \$500,000. The attached list identifies the assessed corporate property owners, the efforts that have been made to collect the unpaid taxes, and whether a bailiff has been used in collection efforts. See: [Public Disclosure of Tax Arrears Information and Strategy for Aggressive Collection Procedures](#).

In addition, Council has approved procedures in cases where properties with unpaid taxes are known or suspected to be affected by environmental contamination, including the registration of a Tax Arrears Certificate against title to the property. ISSUE BACKGROUND

Outstanding property tax receivables continue to be monitored and acted upon in a timely manner. The largest debtor accounts continue to be a priority for collection action.

Given that property taxes form a first priority lien on the property, the City's tax receivables are secure with little or no risk of loss. The Revenue Services Division uses both internal collection procedures (e.g., the mailing of overdue notices, telephone contact and ultimately the municipal tax sale process) and bailiffs to collect unpaid property taxes. In addition, the City charges 15% interest per year on overdue taxes. Penalties are applied at a rate of 1.25% on the first day of default and at the beginning of every month thereafter.

The use of municipal tax sale proceedings, as prescribed in the *City of Toronto Act, 2006*, is a proven and effective tool in the collection of unpaid property taxes. Once taxes are two years or more in arrears, a municipality may register a tax arrears certificate on title to the property.

The debtor has one year from the date of registration of a tax arrears certificate to pay the full cancellation price (the total of all unpaid taxes, all accrued penalties and interest, and any costs incurred by the municipality related to the property). Failing payment within that one year period, or the entering into of an extension agreement, the Treasurer is required to proceed to a sale of the property through a public auction or public tender.

COMMENTS

The number of properties with arrears greater than \$500,000 and the value of associated unpaid taxes has improved dramatically since 2000. Attachment 1 to this report provides a list of properties owned by corporations with tax arrears of \$500,000 or more as at June 30, 2019. There are 21 properties with a tax receivable balance of \$500,000 or more, totalling approximately \$27.6 million.

Since the last report (listing the properties with arrears greater than \$500,000 as at December 31, 2018), 1 property (38 Metropolitan Rd) has been removed from the list as it was paid in full, and 1 property has been added to the list (600 Queens Plate Drive), while 20 properties, with aggregate arrears of \$26.3 million have remained on the list, as detailed below.

Four (4) properties (99 Toryork Drive, 2627 Eglinton Avenue East, 440 Birchmount Road and 0 Lake Shore Boulevard West), with approximately \$7.1 million in unpaid taxes and associated interest, have been previously offered for sale in a “Sale of Land by Public Tender” with no successful tenders submitted.

Six (6) properties with approximately \$7.7 million in unpaid taxes are for various commercial condominium units located at 222 Spadina Avenue, five (5) of which have previously been the subject of unsuccessful tax sales. The remaining one (1) property has had a Tax Arrears Certificate registered against the title of the property on September 7, 2017.

One (1) property (235 Queens Quay West) with approximately \$0.6 million in unpaid taxes was previously federally owned and sold to the City with old tax arrears from a federal tenant. A report was submitted to Council on July 4, 2017 (See: [GM21.4](#)) with a recommendation to write off these unpaid taxes, however, Council instead directed staff to continue collection efforts for property taxes owed by the Federal Government. Collection efforts are being pursued in consultation with Legal Services.

Three (3) properties (97 Rivalda Road, 97 Manville Road and 127 Rivalda Road) with approximately \$3.4 million in unpaid taxes and associated interest have Tax Arrears Certificates registered against the title of the properties.

One (1) property (520-524 Ellesmere Road) with approximately \$2.8 million in unpaid taxes and associated interest has had assessment appeal decisions posted that resulted in the outstanding tax arrears. Collection efforts by the bailiff were unsuccessful, as of January 15, 2019 the property is in pre-lien registration status. The appointed receiver has hired a realtor to market the property for sale. Recovery of the outstanding taxes is expect.

Two (2) properties (25 Glen Watford Drive and 4531 Sheppard Avenue) with approximately \$1.6 million in unpaid taxes and associated penalties/interest are currently in pre-lien registration status as collection efforts by the bailiff were unsuccessful.

One (1) property (125 Commander Boulevard) with approximately \$0.5 million in unpaid taxes and associated interest is currently assigned to an internal collector. On May 17, 2019, Collections staff contacted the owner to advise of the arrears. Subsequently, suitable payment arrangements were made. The account will continue to be monitored and collection of the outstanding taxes are ongoing.

One (1) property (275 Forest Hill Road) with approximately \$0.6 million in unpaid taxes and associated penalties/interest has been investigated by Revenue Services. Collections staff have confirmed that this property has escheated to the Crown. Collection efforts have been unsuccessful to date, including issuance to a bailiff; recommendations were made to have the property advertised for future tax sale.

One (1) property (0 Cumberland Street) with approximately \$1.9 million in outstanding taxes is due to a City of Toronto initiated appeal. Anticipated future payments along with the processed appeal are expected to bring this account in good standing by year end.

One (1) property (600 Queens Plate Drive) with approximately \$1.3 million in outstanding taxes and associated interest has had appeal decisions posted that are being applied to the outstanding receivables. Internal collection efforts are ongoing.

Properties removed from the Largest Debtors List since last report

Attachment 2 to this report identifies one (1) property, with outstanding taxes and associated penalties/interest of approximately \$1.6 million, which was removed from the Largest Debtors list since the previous report (as at December 31, 2018).

One (1) property (38 Metropolitan Road) with approximately \$1.6 million in unpaid taxes and associated interest has an Order of the Ontario Superior Court that was issued on March 31, 2016, prohibiting the City (and all other creditors) from exercising any rights or remedies in relation to this property. The City was advised in June 2018 that the property tax arrears were expected to be repaid in full from the proceeds of a court-directed sale of this property. The arrears were subsequently paid in full on February 27, 2019.

Table 1, below, compares the outstanding tax receivables associated with the largest debtors from June 30, 2000 to June 30, 2019.

*There was no Largest Debtor Report in June 2014 and June 2018 due to the Toronto municipal election.

In aggregate, the June 30, 2019 tax receivable for the City's largest tax debtors has decreased by \$42.2 million, and from 45 to 21 properties, when compared with the first report presented to Council in June 30, 2000. This reduction in tax receivables reflects Revenue Services' improved internal collection processes, including regularly mailing overdue notifications and pro-active monitoring of delinquent accounts, a robust schedule of twice-annual tax sales, and actively assigning overdue accounts to bailiffs to further the City's internal collection efforts. Additionally, the Division has implemented recommendations from the Auditor General's report - [Item AU4.3: Improving Controls Over Property Tax Assessments and Payment in Lieu of Taxes \(PILTs\)](#), that have improved the collection of outstanding property tax receivables.

Outstanding tax receivables will continue to be monitored and acted upon in a timely manner. The largest debtor accounts continue to be a priority for collection.
