Accessibility in the Underground PATH System

Committee Decision

The Toronto Accessibility Advisory Committee recommends that:

1. The General Government and Licensing Committee request the Deputy City Manager, Infrastructure and Development Services to arrange for a staff presentation to the Toronto Accessibility Advisory Committee in the first quarter of 2020 regarding accessibility in the underground PATH system, including:

- a. after-hours PATH access; and
- b. an accessibility map.

Origin

(October 18, 2019) Letter from Michael McNeely, Member of the Toronto Accessibility Advisory Committee

Summary

I would like the Committee to hear from City of Toronto staff about accessibility considerations for the underground PATH system. Specifically, whether after-hours accessibility can be improved, and whether the possibility of creating an accessibility map has been considered.
