

IE6.8 Attachment 14

Attachment 14 – Recommended Amendment to Procedural Bylaw Chapter 27

To conform with the Missing Sidewalk Installation Policy, an amendment to Chapter 27 of the Procedural Bylaw is required. The recommended amendment is to remove the following section under “Chapter 27-18.4. Delegation to Community Councils. B. Regulatory by-laws”:

(7) Sidewalk proposals on the following roads:

- (a) Local roads;
- (b) Collector roads;
- (c) Minor arterial roads; and
- (d) Major arterial roads on which the proposal complies with all relevant City by-laws and policies.

And instead sidewalk proposals on local roads will be reported to Infrastructure & Environment Committee annually for consideration, except for sidewalk proposals on local roads where the request has been made as a result of a need for accommodation by or on behalf of a person with disabilities, or that are installed as part of a road reconstruction.
