

April 1, 2019

**To: The Infrastructure and Environment Committee**

You are considering an important item at your April 2<sup>nd</sup> meeting re changing the number of times garbage receptacles will be emptied from once per week to twice. I'm submitting this letter in favour of the twice per week schedule for the Weston Village BIA.

Here in Weston, we have a garbage epidemic and on the weekends the cans are overflowing all over the street. In fact, we had to hire a private company last year to clean all the garbage that wouldn't fit in the receptacles and dispose of it.

If you require anything further of us, please do not hesitate to call or email. If the matter makes it onto the City Council agenda in May, I or our staff person would like to do a deputation.

Sincerely

A handwritten signature in blue ink, appearing to read 'Masum Hossain', with a horizontal line underneath.

Masum Hossain, Chair
