This Motion recommends the release of Section 37 Planning Act funds totaling \$742,099.90 to the Toronto Community Housing Corporation for the purpose of undertaking improvements to a Toronto Community Housing Corporation owned building at 250 Davenport Road.

The Toronto Community Housing Corporation is working collaboratively with local residents and neighbours, and their private development partners, as they transform aging housing infrastructure to build better homes, better neighbourhoods, and a better Toronto for all.

At 250 Davenport Road, the Toronto Community Housing Corporation is using the proceeds from the sale of a portion of the land to revitalize the existing building with new windows and balcony doors, and improvements to the heating, cooling and building systems to increase quality of life for residents, while improving the existing open spaces around the building.

Funds have been secured from the development at 250 Davenport Road as community benefits through Section 37 Planning Act specifically for capital improvements to support food security benefits and/or health services for the benefit of current and future tenants of the existing building.

The funds plus indexing have been received by the City.
