**Redesigning the Bus stop at Wilson Avenue and Dubray Avenue for student safety and accommodation - by Councillor James Pasternak, seconded by Councillor Mike Colle**

*\* Notice of this Motion has been given.*

*\* This Motion is subject to referral to the North York Community Council. A two-thirds vote is required to waive referral.*

#### Recommendations

Councillor James Pasternak, seconded by Councillor Mike Colle, recommends that:

1. City Council direct the General Manager, Transportation Services, in consultation with the Toronto Transit Commission staff, and appropriate staff of the Toronto Catholic District School Board and Toronto District School Board, to review the current bus stop and sidewalk configuration at the north-east corner of Wilson Avenue and Dubray Avenue and report back to the North York Community Council by the June 25, 2019 meeting, such report to include:

- a. a plan to improve safety by reducing overcrowding which may include an encroachment agreement with the Toronto Catholic School Board to move the fence further back from the sidewalk at the Madonna Catholic Secondary School; and
- b. a potential funding source to proceed with the suggested plan.

#### Summary

Officials and parents from the Madonna Catholic Secondary School as well as executive members of the local Wilson Business Improvement Area have pointed out that there are a large number of students awaiting Toronto Transit Commission buses especially during the afternoon dismissal. The Toronto Transit Commission stop at the north-east corner of Wilson Avenue and Dubray Avenue poses a safety concern owing to the limited size of the concrete sidewalk waiting area. School officials as well as the Toronto Catholic District School Board have stated verbally that they are amenable to moving the fence north of the sidewalk at that location should that be required to improve student safety.
