**Proposed Traffic Control Signals - Rogers Road and Chambers Avenue  
- by Councillor Ana Bailão, seconded by Councillor Frances Nunziata**

*\* This Motion has been deemed urgent by the Chair.*

*\* This Motion is not subject to a vote to waive referral. This Motion has been added to the agenda and is before Council for debate.*

**Recommendations**

Councillor Ana Bailão, seconded by Councillor Frances Nunziata, recommends that:

1. City Council rescind its June 26, 27, 28 and 29, 2018 decision with respect to Etobicoke York Community Council Item EY31.21, headed "Proposed Traffic Control Signals – Rogers Road and Chambers Avenue", authorizing the installation of traffic control signals at Rogers Road and Chambers Avenue, and repeal related By-law 1306-2018.
2. City Council authorize the installation of a pedestrian crossover at the intersection of Rogers Road and Chambers Avenue.

**Summary**

City Council, at its meeting of June 26, 27, 28 and 29, 2018 adopted without amendment Item EY31.21, headed "Proposed Traffic Control Signals – Rogers Road and Chambers Avenue" and, in so doing, authorized the installation of traffic control signals at Rogers Road and Chambers Avenue. Based on recent consultation with the community and staff, and with agreement from Councillor Frances Nunziata, it has been determined that a pedestrian crossover is the preferred option at this location.

At present, the intersection is not signalized in any way, so it is important that we provide the pedestrian crossover measure for pedestrian safety as soon as possible.
