**Re: Councillor Paula Fletcher (Ward 14), Notice of Motion for February 26th, 2019 Council meeting
MM3.6 "Putting the Mimosa Back in Brunch"**

At its Board meeting on Tuesday February 19th, the Toronto Association of Business Improvement Areas voted unanimously in support of Councillor Fletcher's motion which will be before you on February 26th, 2019.

The advancement of liquor sales hours in licensed establishments to 9 am. on Saturday's and Sunday's is a positive step in supporting some of the 7,000 plus restaurants found in the Toronto BIA network and specifically those that attract thousands of customers across the city for Brunch.

We encourage members of council to support this initiative and offer our support and if necessary our deputation/submission in advancing this cause with the appropriate provincial authorities.

Regards,

John Kiru
Executive Director, TABIA
