MEMO

Date: June 6, 2019

To: Members of the North York Community Council

Subject: Traffic Control Signals Study at Bathurst Street and Carpenter Road Intersection, and Carpenter Road and Fisherville Road.

SUMMARY:

As the Fisherville community intensifies, traffic congestion and road safety have become a latent issue. Speeding, failure to comply with road regulations and lack of enforcement are some of the realities affecting the Fisherville Rd, Carpenter Rd, Bathurst St, crossroad. The McDonald's location within this intersection, experiences high levels of pedestrian and vehicular traffic well into late evening hours and accessing it has become a dangerous endeavour.

Our office has then reviewed many of the concerns raised by constituents regarding this crossroad and is committed to improve road safety in the area.

RECOMMENDATION:

North York Community Council direct Transportation Services staff to review the feasibility of installing traffic control signals at the intersections of Bathurst Street and Carpenter Road and Carpenter Road and Fisherville Road and report back to North York Community Council at its meeting scheduled to be held on September 16, 2019.

Sincerely,

A handwritten signature in blue ink, appearing to read "James Pasternak". The signature is stylized with a large, looping initial "J" and a horizontal line extending to the right.

James Pasternak,
Councillor, Ward 6
