MEMO

Date: August 22, 2019

To: Members of the North York Community Council

Subject: Reopening Item NY7.37

SUMMARY:

Item NY7.37 was amended by North York Community Council on June 25th, 2019. The decision made by Council pertained an agreement between two neighbours about the height and form of a rear yard pool enclosure. While in the process of constructing said enclosure, one of the parties disagreed with decision. As a result, I am requesting to reopen this item at North York Community Council meeting taking place on September 16th, 2019, and amend the recommendations as follows.

RECOMMENDATION:

North York Community Council direct that the application for the rear yard pool enclosure exemption is granted, under the condition that the enclosure's height be increased by 1.2 metres. Direct and require that the installation be maintained in good repair without further alterations. Direct and require that at such time as replacement of the fence is required that such installation will comply with Municipal Code Chapter 447, or its successor by-law.

Sincerely,
