Agenda NY5.16: Renaming of Karen's Way extending between Barberrry Place and Rean Drive

We refer to the recent street naming above and ask that consideration be given to renaming it THOMAS CLARK. He was an early settler in the community of Oriole, who on remarrying found he needed a larger house to accommodate his new family. Clark was an influential farmer and founder of Clark's congregation of the Wesleyan Methodist Church (forerunner of Oriole-York Mills United Church). The "larger house" is a designated property at 9 Barberrry Place – close to the referred street. We urge the North York Community Council to approve the renaming.

The North York Historical Society supports the North York Community Preservation's nomination and sincerely hopes that the North York Community Council will do so as well enabling this item to go forward to City of Toronto Council.

Respectfully submitted,
NORTH YORK HISTORICAL SOCIETY

Glenn Bonnetta,
President
