North York Community Preservation Panel

October 9, 2019

North York Civic Centre
Main floor, 5100 Yonge St.
Toronto, ON M2N 5V7
Attention: Francine Adamo

**RE: NY9.17 Request to Rename Woodsy Park to
Ethennonhawahstihnen' (Etta-nonna wasti-nuh) Park**

Dear Councillor James Pasternak and Members, North York Community Council,

The North York Community Preservation Panel is a City of Toronto-appointed committee, reporting to the Toronto Preservation Board, that recommends properties and districts in North York which should be considered for heritage protection and conservation, and supports and encourages an understanding and appreciation of its built heritage.

The Panel wishes to express our support for the proposed renaming of Woodsy Park, located at 80 McMahan Drive to Ethennonhawahstihnen' (Etta-nonna wasti-nuh). We also support the City's broader efforts in Indigenous place-making and truth and reconciliation by thoughtfully considering Indigenous naming. In addition we appreciate the efforts of Councillor Shelley Carroll to involve the community in the process.

Respectfully submitted,

Geoff Kettel

Geoff Kettel
