Toronto Parking Authority

Strategic Focus and Transformation Update for Nine Months
Ended September 30, 2019
TPA Mandate

The Toronto Parking Authority exists to provide our customers with safe, attractive, self-sustaining, conveniently located and competitively priced off-street and on-street public parking and Bike Share services as integral components of Toronto’s transportation system.

Our services support the vibrancy of businesses and the livability of communities, being sensitive to the environment, and ultimately supporting the mobility of Toronto’s citizens, businesses and visitors...our Customers

- Provide competitively priced short-term parking, mainly in neighbourhood and commercial areas;
- Provide convenient, cost-effective Bike Share option for local trips;
- Discourage long-term parking, especially in downtown and mid-town commercial areas and commercial areas well served by transit; and
- Generate sufficient revenue to cover minimum operating and administrative costs, and either recover past capital costs or allow for future capital investment.
TPA Strategic Focus

We strive to be thought of as the preferred choice of parkers and be seen as the leader in parking and Bike Share.

To TPA this means:

- Never disappointing customers in their base expectation of quality, cleanliness, usability, safety, convenience, competitive pricing and consistency.
- Exceeding base expectations through value-added features.
- Offering innovative new services, where there is:
  - a reasonable expectation of improving the customer’s experience;
  - no negative impact to base expectations;
  - a potential increase in the return to the City.

## Parking

### Parking Spaces
- 19,000 On-Street Spaces
- 21,100 Off-Street Spaces
- 19,700 Managed Lot Spaces

### Locations
- 178 Parking Lots
- 35 Garages
- 94 Managed Lots

### Transactions
- 19.7M On-Street Transactions
- 13.2M Off-Street Transactions
- 54% Choose the GreenP app
2019 Initiatives

Security Infrastructure and Maintenance Plan Implementation
- ✓ Finalize SLA and SOPs with City Security

Contract Management
- ✓ Standardize procedures
- ✓ Implement training program

Culture and Transformation
- ✓ Launch Employee engagement initiatives
- ✓ Introduce new performance management system supporting leadership development and project management capabilities
2019 Initiatives

Bike Share Expansion
- 1,250 bikes, 105 new stations and 2,292 new docks

Attended Car Park Operational Review
- Implement rate review
- Modernize operations supporting Customer service focus
- Remove in-lane booths for Customer Service booths; reduce cash handling
- Rollout Interac payment program

Standard Operating Procedures
- Standardize the customer experience
- Refresh on-boarding and training programs
- Modernize shop operations

Deploy On-Street Paid Parking Projects
- Replace meters with machines and rationalize machine inventory
- Initiate Mobile only zones
- Identify new paid parking locations
Strategic Initiatives

Bike Share Advertising and Sponsorship RFP
- Seek full value of street advertising opportunity
- Determine opportunity for long-term sponsorship through strategic partnership

Bike Share System Operations
- Define KPIs for contract performance management
- Streamline operation to maximize effectiveness and efficiency
Strategic Initiatives

SAP Implementation

- Enhance business systems (asset management, work management)
- Support analytics, Open Data, leveraging City master services agreement

PCI Data Security Standards Review and Compliance Planning

- Establish roadmap for anticipated 2022 payment industry changes
- Level 1 PCI DSS certification 2020
Strategic Initiatives

GreenP app Update
- Improve customer experience, expand payment options, enable further GPS functionality
- Establish platform to support marketing initiatives
- Establish platform to support Bike Share app integration

Enforcement Software Replacement
- Automate enforcement software, replace manual ticketing
- Discontinue courtesy charges
- Review fine levels

Gated Facility Updates
- Upgrade or replace software and equipment; integrate with the app
Strategic Initiatives

Pay by Plate
- Transition parking sessions into the Cloud

Ongoing Governance and Real Estate Transition Activities
- Align with the evolving City-wide Real Estate model with strategic real estate matters remaining with CreateTO and City Real Estate

Adapt to Evolving Mobility and Technology Trends:
- EV, AV and transportation as a service
