2019-05-03: Reports

5.3.1 Chair's Report:

- PF reviewed items for upcoming TPB meeting of June 20, including: 421 Roncesvalles, 2 Strachan Avenue (Automotive Building), Cabbagetown HCD.
- Panel discussed **City Wide Heritage Survey Feasibility Study** and the following comments were noted: SH said it was a good report. PF agreed. Great that community panels were mentioned. Panel grateful that our input was mentioned. SH mentioned that it is unfortunate that volunteers won't help with evaluating properties. Too many properties to not use volunteers. Train volunteers to do the first evaluation and then have professional teams review or else need to better define the role of the volunteers. PF will raise our questions at TPB. SH mentioned that important that it isn't too academic, inaccessible. Needs to be plain language to get people interested. SH mentioned that important to deal with backlog at the same time as evaluating new properties rather than consecutive or else will take too long to get new properties listed

5.3.2 Presentation from Tina Leslie, Junction HCD

- TL noted that the Junction HCD was not selected in 2014 so there have been pressures since then in terms of properties in danger and lost. However, it is a designated character district. Phase one study for HCD was approved in January 2018. TL requesting support from panel for the application.
