The Mayor and Members of Toronto City Council are deeply saddened by the deaths of at least 20 people in the Jolo Catholic cathedral in the Mindanao region in the southern Philippines as the result of a terrorist attack.

At least 81 people were also wounded after the first explosive device went off inside the cathedral, which was followed by a second explosion to target soldiers coming to help the victims of the first explosion.

The City Clerk is requested to convey, on behalf of the Members of Toronto City Council, our deepest sympathies to the families and friends of the victims of this heinous attack.
