

CONDOLENCE MOTION

Moved by: Councillor Joe Cressy

Seconded by: Councillor Mike Layton

The Mayor and Members of Toronto City Council are deeply saddened to learn of the passing of Kevin Fournier, known to friends as "Richard," on November 11, 2019.

Richard was a long-time member of the waterfront community around the Toronto Music Garden and Little Norway Park. His personality and character, as well as his art and poetry, left a lasting impression with everyone who met him.

As a person who most often lived and slept in local parks, Richard became a prominent and enduring public figure in the community. He was resourceful, fiercely independent, and self-sufficient.

Over many years, deep and lasting relationships were built. Richard was loved, respected, and cared for by a large cast of friends and acquaintances from across the waterfront community.

The City Clerk is requested to convey, on behalf of the Members of Toronto City Council, our sincere sympathy to Richard's friends.
