RE: SIGN VARIANCE APPEAL: 222 DIXON ROAD

Dear Mr. Jankowski,

I am writing this letter to express my strong opposition to the proposed signage application for 222 Dixon Road. Unfortunately, I am unable to attend the meeting on Wednesday, May 29, 2019 due to my work commitments. I am writing this letter, however; to express my deep concerns.

I am the property owner located directly across from the building and will be directly impacted by the oversized sign if it is installed. I strongly object to the size and illumination of this sign. I am very concerned about the negative and disruptive impact, and visual effect it will have on our neighbourhood and residential community. The sign will be a negative disturbance during the evening with the additional lighting needed to display the oversized sign. It will disturb my neighbours and myself. In addition, it will greatly impact and alter visual impact of our neighbourhood.

This letter documents my strong opposition to the proposed sign as I cannot attend the meeting scheduled.

Sincerely,

Agnes Monteleone
