

REPORT FOR ACTION

Designation of Fire Routes and amendment to Chapter 880 - Fire Route - 1-70 Eglinton Square

Date: May 30, 2019

To: Scarborough Community Council

From: Fire Chief and General Manager, Toronto Fire Services

Wards: Ward 20 - Scarborough Southwest

SUMMARY

To obtain Scarborough Community Council approval for the amendment of the Fire Route By-law to amend the designation of the property municipally known as 1-70 Eglinton Square as a fire route within the meaning of City of Toronto Municipal Code Chapter 880, as amended. The fire route in question was listed with the incorrect municipal address of 1-70 Eglinton Avenue East with the transfer of the old Scarborough Fire Route By-Law addresses to the new Chapter 880. The address listed in Schedule A, Fire Route Designations to Chapter 880 requires correcting.

Fire Services uses designated fire routes as a key mechanism in regulating fire prevention, including the prevention of spreading of fires and the delivery of fire protection services.

RECOMMENDATIONS

The Fire Chief and General Manager, Toronto Fire Services recommends that:

1. Scarborough Community Council designate part or those parts of the private road or roads shown on the site plan filed with the Fire Chief in respect of the municipal address set out below, as fire route pursuant to Municipal Code Chapter 880 - Fire Route - 1-70 Eglinton Square; and
2. Scarborough Community Council authorize the Fire Chief and City Solicitor to take the appropriate action to make a designated Fire Route.

FINANCIAL IMPACT

There are no financial implications associated with this report.

DECISION HISTORY

Fire Services receives applications from property owners to designate locations on their properties as fire routes under City of Toronto Municipal Code Chapter 880. The fire route prohibits the parking of vehicles at the designated location and provides for the removal of such vehicles, to allow continuous access to Fire Services vehicles, equipment and apparatus for the prevention and protection against fires.

Site plans submitted with the applications are examined by Fire Services staff and the locations are recommended for designation as fire routes so long as they satisfy the requirements of Chapter 880, as amended.

During the process of amalgamation in October 2004, Old Scarborough Fire Route By-Laws were transferred to Chapter 880 and information was incorrect. This fire route was originally designated under Scarborough By-Law No. 20085.

COMMENTS

Designation of fire routes ensure appropriate access for fire vehicles across the City and assist with regulating fire prevention and reduce the negative impact of fire on human lives, property and the environment. Applications have been received to designate fire routes for the following locations in the City of Toronto:

- 1-70 Eglinton Square

Site plans for this location have been examined by Fire Services. The Fire Chief recommends that the fire route be designated for the above location to assist with public safety for residents.

On May 6, 2019 Toronto Fire Services was made aware of and investigated the discrepancy at the municipal address known as 1-70 Eglinton Square at the request of Toronto Police Services' Parking Enforcement Division. At the time of the inspection it was noted that the address listed in Schedule A of Chapter 880 of the City of Toronto Municipal Code for the property read 1-70 Eglinton Avenue East, the correct building address is 1-70 Eglinton Square.
