Mr V. Gottwald
Community Planning Manager,
150 Borough Drive,
Scarborough, Ontario,
M1P 4N7

Dear Mr Gottwald,

Good Morning,

Yesterday afternoon I got a letter dated January 8th from City official Mr. Watkiss, which I received late afternoon Jan 10th. It indicated a January 15th 9:30 am meeting of the Scarborough Community Council. At which there will be a presentation of our project known as 300 Danforth Road. The Community Council will be discussing the Zoning By Laws and a request for interim Directions report.

Yes, we definitely would like to participate. Unfortunately the 2 working day prep time given to us is not enough to prepare and be ready for our input. We can't assemble our in house or outside consultants that quickly.

With these new wards, trying to get appointments with new Councillors and new staff takes time. My phone calls did not achieve much. To my surprise I was told by the new staff that all of our submissions, 4-5 years of documentation, reports on Community meeting etc. has been destroyed. Everything has to have a fresh start. In order to bring the new people into the loop all documentation has to be prepared again. To put our case together and in order to get these new people up to speed we will need more than two days.

Under the circumstances could you please re schedule this to another Scarborough community council meeting? Another week or two would really help us get ready.

Regards

Kash L Sood,
President & CEO,
