There are no financial implications resulting from the adoption of this report.

DECISION HISTORY

This is a new application for a boulevard café permit located at 1820 Danforth Avenue.

COMMENTS

An application for a boulevard café located at 1820 Danforth Avenue was received on March 27, 2019 from the business owner representing The Cumin Toronto Inc. operating as Cumin Fine Indian Kitchen. The application submitted was seeking permission to establish a boulevard café located at 1820 Danforth Avenue for 10.40 square metres which would accommodate approximately 6 patrons. (Appendix 1 and 2).

Upon receipt of an application, it is reviewed for compliance with the physical criteria of Chapter 313-36 of the Former City of Toronto Municipal Code.

A site inspection conducted on April 4, 2019 revealed that the boulevard cafe area would only provide a pedestrian clearance of 1.24 metres from the bike ring to the proposed café area. The required pedestrian clearance as outlined in the former City of Toronto Municipal Code 313-36 is 2.13 metres from the curb or any street installation.

In accordance with the provisions of the former City of Toronto, Municipal Code, Chapter 313, the 2.13 metre clearance is required in order to provide a clear pathway for pedestrian's traffic.

In order to maintain the required 2.13 metre pedestrian clearway outlined in the former City of Toronto Municipal Code, Chapter 313 and the Vibrant Streets Document, Right of Way permits for the occupation of the sidewalk and or boulevard are reviewed when streetscape reconstruction, utility installations or a change of business ownership occurs to ensure that the permits continue to conform to the current regulations.

Council has approved the Vibrant Streets Document in order to create streetscapes where pedestrian traffic moves freely and unencumbered and to ensure that the placement of street furnishings, cafes and marketing areas and other features is better aligned to support pedestrian traffic.

The installation of a boulevard cafe at this location will make passage difficult for those with assisted mobility needs and reduce the pedestrian clearance requirement of 2.13 metres. The concept of a pedestrian clearway is not only to maintain the permitted distances but also to ensure pedestrian traffic moves freely and unencumbered.

A refusal letter dated on April 12, 2019 was sent to the business owner representing The Cumin Toronto Inc. operating as Cumin Fine Indian Kitchen advising the applicant that the proposed boulevard café will provide insufficient sidewalk space as specified in Toronto Municipal Code Chapter 313.

On May 31, 2019 a letter was received by Municipal Licensing & Standards from the business owner representing The Cumin Toronto Inc. operating as Cumin Fine Indian Kitchen to appeal the decision of the denial for a boulevard café permit.
