**RE: Speed Limit Reduction – Kingston Rd between Victoria Park Ave and Queen St East**

Upon review with Transportation Services staff, it has come to my attention that the speed limit along Kingston Rd is not consistent. Between Queen Street East and Victoria Park Avenue the speed limit is 50km/h, 40km/h between Victoria Park Avenue and Birchmount Rd, 50 km/h between Birchmount Rd and Midland Avenue, and 60km/h between Midland Avenue and Highway 2A.

The portion between Victoria Park Avenue and Queen Street East runs almost the entire stretch of my ward and Transportation Services staff expressed surprise that the speed limit here is still 50km/h. In an effort to align the speed limit along Kingston Rd and make my community safer, I am requesting that community council move to reduce the speed limit to 40km/h, as it is east of Victoria Park.

**RECOMMENDATIONS**

It is recommended that:

1. Toronto East York Community Council reduce the speed limit from 50km/h to 40km/h on Kingston Road, between Victoria Park Avenue and Queen Street East.

Respectfully,
