January 8, 2019

Councillor Mike Layton,

Tarna Industries wishes to apply **for 4:00 a.m. liquor licencing** for the following event:

- Date: February 15, 2019
- Location: Revival Bar – 783 College Street, Toronto, ON, M6G 1C5

We ask that you please provide us with a **letter of non-objection**.

Tarna Industries is engaged in fundraising efforts to build a large scale installation art piece. This art installation has more than 100 people involved, in the areas of fabrication (welding and craft), lighting effects, flame effects, music production, event planning, performance (circus, dance), social media, and project management. We have run three successful fundraising events, and 100% of the profits have solely gone to fund the build. Thousands of hours have been volunteered by the Toronto arts community to further this project. I encourage you to visit Tarna.ca to learn more about our project.

The February 15, 2019 event is our next official fundraising event. We have booked circus performers and DJs for our event, including an international DJ, Eric McGregor Holt, who will be travelling from New York City.

The nature of this event is such that 4:00 a.m. liquor licencing will greatly improve the experience of our attendees and allow for significantly greater fundraising potential. We appreciate that the City of Toronto is willing to recognize the value in allowing the arts community to be self-supportive and flourish by being more flexible with liquor licensing hours in limited circumstances. We truly feel that this is an event that exemplifies this initiative.

Sincerely,

Emma Duggan
TARNA INDUSTRIES
