Re: TE5.27 – Ontario Place Revitalization

Dear Councillors:

We support the Staff report April 5, 2019 and the Core Principles. The six key themes cited in this report are aligned with the principles struck by Ontario Place for All, a grassroots group co-founded by Waterfront For All.

We had several of our Member Organizations depute at the April 5th subcommittee meeting and look forward to TEYCC's encouraging City Council adoption of this report.

We look forward to the Heritage Preservation Services Report also being heard at the April 30th Toronto Preservation Board meeting.

We are grateful for the City Council and City Staff's support in guarding Ontario Place and the public use for all Ontarians to enjoy.

Sincerely,
