**SUMMARY:**

The Board approved the terms of the new Tripartite Agreement October 25, 2017. Since that time staff have worked to complete the approval process with TRCA and complete related implementation matters. In addition, in January 2018 Parks Canada indicated a desire to locate its Welcome Centre for the Rouge National Urban Park on Zoo Lands east of Meadowvale Road. Since then Zoo and Parks Canada staff have been in dialogue. The purpose of the report is to discuss remaining matters to be implemented related to the Tripartite Agreement and report on the status of discussions with Parks Canada regarding the proposed Welcome Centre.
