COMMENTS

The Bid Award Panel adopted BA110.8 to award a contract to OJCR Construction Ltd., for Part A and Part B for repairs of sewer systems and appurtenances in various locations for Toronto Water. The Summary of Bids Received as set out in BA110.8 inadvertently did not reflect the proper number of bidders who submitted a bid. The number of bids received was seven, and the tables in this report reflect the names of the Bidders that submitted. This did not impact the recommended bidder that was recommended for award.

Additional details and information for the above call are on file in the Purchasing and Materials Management Division.
