**Ref: TE11.35 City Council Consideration on December 17, 2019 regarding TEYCC Recommendations set out in TE11.35 Expansion of Residential On-Street Permit Parking, as they pertain to Ward 4**

Further to the two amendments to Schedule B of the City of Toronto Municipal Code Chapter 925 Permit Parking and subsection 925-4B (Copied below) moved by Councillor Perks December 3, 2019 on behalf of his own PHP Ward 4, the Swansea Area Ratepayers Association (SARA) urgently request that the City Council vote to reject this motion and refer Ward 4 to be part of the city-wide review of permit parking in 2021. In this way, the community issues and overriding problems of traffic and logistics will go through the rigour of a more **authentic** review and consultation process by Transportation Services (TS) especially in the Swansea Area.

The Swansea area, as a former municipality onto itself, has a wide variety of zoning attributes and logistical complications such as:

- A TTC bus route that circles to and from the Runnymede Subway through the small neighbourhood streets of Swansea. Our understanding is that permit parking is not permitted on such bus routes.
- Our streets are points of entry to two subway stations in the Bloor West Village to the north of Swansea and the QEW/Gardiner and Lakeshore Blvd to the south. Parking problems everywhere!
- The density issues of a Tall Building complex on Southport Street zoned to include a Plaza for approximately 30,000 sq. ft of retail space. This complex also includes an Employment Area which is a destination point for many shoppers. Definitely not suitable for permit parking. Let's not forget the Duplexes on Coehill!
- The intersections at South Kingsway/Bloor and Windermere/Lakeshore posing nightmare traffic issues. A member of the SARA designed a program

which quickly worked through options to resolve the South Kingsway/ Bloor intersection and we presented it to the Engineers at TS who requested a copy to help them in remediating the issues. SARA is prepared to offer their expertise, knowledge and services again to address the Community's issues of Permit Parking as part of the Permit Parking Review in 2021.

In passing this motion, the Swansea Area Ratepayers Association (SARA) is deeply concerned that the Ward 4 communities are compromised as follows:

1. Blanket approval has allowed Street Permit Parking on **ALL** streets listed in Attachment B without any regard to whether it is appropriate or not. Two examples are (a) **Windermere Avenue between Lakeshore Blvd and the Queensway** where **70% of the street is covered by two bridges for the QEW and the CN Railway** and (b) **Windermere Place which is 79m long**, on a steep hill and part of **the route for the TTC, School Buses and the Garbage Trucks**. I attach photos that demonstrate how this mini street is part of a **perfect storm of traffic** with cars having to drive on the curb to avoid the buses. Not only should it not be a permit parking area, **it should not even be a simple parking area**.
2. The motion takes away the communities' democratic right to chose whether their neighbourhoods need or are appropriate or not for Street Permit parking. The exemption from Polling takes away the ability to request to have it and from the Petition process the right to refuse it. The Councillor has stated that even if a street provided a petition indicating that a 100% of households did not want Permit Parking, he would turn down the petition on principle.
3. The City Council has declared a Climate Emergency for Toronto but is still encouraging the use of cars by expanding the system of Street Permit Parking. Studies conducted by the City itself indicated that when purchasing or renting a home in a single-family or multi-family dwelling, if there is no parking provided, they will **not** buy a car. Also, by increasing street permit parking, the use of bicycle paths is prohibitive!
4. With blanket approval for all streets in Attachment B, the process of refusal or deciding appropriateness is not clear. Does the decision rest with Transportation Services or is it now at the sole discretion of the Council/Councillor? Our Communities deserve better treatment and transparency when their rights are being compromised. It appears that they are left only with the responsibilities e.g. clearing snow from the public domain sidewalks in front of their homes! Now there's a thought which could beg some questions of equity!

We urge both the Mayor and City Council to seriously consider our request to defer this motion and its actions to the 2021 TS city-wide review of Street Permit Parking and respect the needs, safety and democratic rights of our neighbours and communities in Ward.

Yours truly,

Veronica Wynne  
SARA/SARG, President.
