BCCA Supports New Protected Cycling Infrastructure**

To: Mayor Tory and Toronto City Councillors:

The BCCA commends the City for actions taken to accelerate the installation of protective cycling infrastructure with the goal of allowing workers to travel safely to and from their places of employment during this COVID19 Pandemic.

The BCCA Executive has talked with Councillor Layton early this week regarding this City of Toronto initiative. As already stated, we fully support and look forward to working co-operatively with the City of Toronto on this very important and forward looking city project.

The BCCA thanks all of YOU, our City Councillors, for your energy and huge personal efforts toward the Greater Good of your citizens and the city during this health crisis.

We urge all of you to support this improvement to the cycling infrastructure in our city.

Respectfully,
Marilyn Tait-McClellan, BCCA President
Kathryn Holden, BCCA Executive
Norm Waite, BCCA Treasurer
Jack Candido, BCCA Executive
Cathy Carnevali, BCCA Secretary

Cc: Councillor Mike Layton
