THE BTTA SUPPORTS A TEMPORARY BIKEWAY ON YONGE

We ask you to urgently implement a bikeway on Yonge Street in Midtown.

There is no doubt that COVID-19 has changed the way we live. As the city re-opens, we have concerns about our ability to get around safely, especially along the major transit corridors, where physical distancing will be challenging on subways and buses.

In Midtown, before the pandemic, 450,000 people used the Line 1 Yonge subway. During the reopening, if even a fraction of people who used transit opt for cars, our roadways would seize. As Mayor Tory said, “we need a safety valve for transit”. And in Midtown, that means a bikeway on Yonge Street.

A bikeway on Yonge would relieve pressure on the Yonge subway and provide people with a safe alternative to transit, will offer an affordable and healthy way to get around, and will help local businesses recover by bringing more customers to street level. In Midtown, pre-pandemic, the majority of residents travelled by transit and active transportation, rather than by car. A safe, protected bikeway on Yonge will encourage people to transition to cycling and free up capacity on the subway and buses for those who have no alternative.

There is ample room for a protected bikeway in Midtown. CafeTO installations along Yonge would benefit from a protected bikeway providing a safety buffer between patio seating and vehicle traffic. Local businesses are already experiencing a surge in people shopping by bicycle. And as you know from other ActiveTO installations on major transit corridors such as Bloor and Danforth, temporary bikeways afford real-time testing of design in a fraction of the cost and time associated with major studies.

ActiveTO has shown us that Toronto can quickly implement innovative solutions for active transportation as part of the pandemic recovery. **We ask that Midtown can also benefit from ActiveTO innovation with a temporary bikeway on Yonge.**

Thank you for your consideration.

Sincerely,

John Plumadore
President,
Brentwood Towers Tenants' Association
