

November 24, 2020

Dear Toronto City Councilors,

My name is Adil Patel I am writing on behalf of Friends of Flemingdon Park (FOF) regarding the development proceedings at 25 St. Dennis Drive.

Friends of Flemingdon Park (FOF) is a grassroots collaborative led by residents from both Friends of Angela James Arena and Flemingdon Community Support Services formed in 2015. Led by volunteer community leads, residents of Flemingdon park neighborhood, we regularly meet with other residents, local agencies, government officials and partners. **FOF has become a strong voice for the neighborhood by finding common goals and working on local priorities.** Our unique approach offers a table for the neighborhood to collaborate. In the past five years, our focus areas have been information sharing, enhancing, and creating community infrastructure, recreational facilities, and public spaces, improving accessibility to spaces for community use, improving community safety, and civic engagement.

Recently, many residents have come to us with concerns about the 25 St. Dennis Development, especially with regards to notification, consultations, and general transparency. This worries Flemingdon Park residents as they feel a) the impacts of such a development have not been fully considered, b) their concerns haven't been accounted for and b) it is irresponsible to push such an important decision through at a time when most residents are struggling and unable to find information about this. Flemingdon Park is a racialized, low-income neighborhood where the majority of residents speak a language other than English at home. They have been severely impacted by COVID-19, and this adds to the issues we help our community address. Our many challenges at this time include supporting residents during this pandemic, job loss, food security, housing issues, youth, and senior's mental health challenges. Our primary focus is to support our community to the best of our capabilities during these unprecedented times.

We request that city councillors defer voting on this subdivision plan until a proper community consultation can be held. We believe the best possible consultation would happen in spring of 2021, or after it is safe to gather in person, as internet and access to devices remains a luxury to the most vulnerable members of the Flemingdon Park community. Furthermore, details and notifications should be available in languages other than English, alongside propagation through community groups such as ourselves.

We strongly believe that a community consultation will help bridge the gap between the city, residents and the developers, and will result in a happy union of all three when residents feel like they have a say within the community consultation and benefits framework.

Sincerely,

Adil Patel, Aishah Sheri, Stephanie Joseph, Abdul Rashid Athar
Resident Community Leads,
Friends of Flemingdon Park (FOF)
Email: friendsofflemingdon@gmail.com

Dear Toronto City Councillors:

We are writing to you about a development approved by OMB despite the city planner's own words, from a 2017 report (attached):

"These applications do not represent an appropriate redevelopment of the site, do not represent good planning, and are not in the public interest for the reasons outlined in this report, including that the proposed development is not in an area designated for intensification of this scale and magnitude."

While the development itself is problematic, we are concerned with the lack of due process with regards to the community consultation. We have confirmed with the City that the notice of consultation for 25 St. Dennis Drive, held on Wed. May 18th, 2016 was sent out only in English.

The notice of community consultation being sent out in English only represents a great oversight, one that excludes the already marginalized immigrants living in the area. The location of the meeting, over 1 km away, despite the presence of a community center and public school gym within the vicinity of most residents is also exclusionary. Furthermore, attached is a list of 74 long-time Flemingdon Park residents willing to **attest to the fact they did NOT receive notice of community consultation in 2016**. We believe that given more than two days to collect this information, and without the high COVID risk in the community, this number would be even higher.

Since the 1960s, Flemingdon Park has predominantly been a community of racialized, working-class immigrants and refugees. Per the City's own 2016 Census, more than half of residents speak a language other than English at home. The median income is well below Toronto overall. We are overcrowded, underserved and underrepresented at council.

While the City of Toronto reportedly mailed out 7000 notices, only 50 people attended, resulting in a representation of 0.007% if we only regard those directly adjacent to the development, and 0.002% of the total neighbourhood population (22 000, Census 2016). These are not acceptable percentages for a consultation about a proposal of this magnitude, in a neighbourhood this vulnerable.

Attached to this letter are the signatures of over 1266 Torontonians, who request that City Council give Flemingdon Park due process at a new, accessible Community Consultation regarding this development. Please defer this item until a proper community consultation can be held. Residents should be notified in multiple languages, and it should be held within walking distance, like at the local school gym or community center. Given that only 50 people attended the consultation back in 2016, we strongly believe there was some breakdown in distribution.

For the above reasons, we ask that the vulnerable, neglected and already-marginalized Flemingdon Park residents be given due process and properly consulted.

Sincerely,
Sahar Abdalla

25 St. Dennis Development: Failure to Notify and Consult Community Members

We, the undersigned residents and households of the community affected by the proposed Preston Group's construction of 37-story and 12-storey buildings, and numerous townhouses at 25 St. Dennis Dr., do herein ATTEST to the fact that we have NOT received any notice from the City Hall, or the City's Planning Department, or Preston Group for a scheduled Community Consultation meeting concerning Preston's heavy construction.

We hereby attest to the truthfulness of our statements and contact information can be provided to the City of Toronto upon request. No physical signatures are provided because of social distancing measures. This represents a small fraction of residents in the area of distribution who did not receive the notice. This survey was collected within a 48 hour period.
