March 10, 2020,

Re: EC12.1 Jane-Finch Initiative – Community Development Plan and Updated Land Use Planning Framework

To the Chair and Members of the Economic and Community Development Committee,

It is with great enthusiasm that I express my support for The Jane-Finch Initiative. The project offers an exciting opportunity for community engagement in planning out the future of the Jane-Finch neighborhood at a deeper level than most planning exercises or one-off development applications.

Jane-Finch is home to more youth, refugees, single-parent led families, low income households and public housing tenants than any other neighbourhood in Toronto. A holistic look at the future of our community and real engagement with all those who make up our neighbourhood is important to us all.

I look forward to the continued involvement of my office on the project and express my support for the framework presented today.

Sincerely,

Anthony Perruzza
City of Toronto Councillor
