Re: Community Safety Zone – Mount Olive Drive – Housekeeping Amendment

Dear Chair and Members of Etobicoke York Community Council,

Mount Olive Drive, between Kipling Avenue and Gihon Spring Drive, is classified as a collector road and has a regulatory speed limit of 40 km/h. This roadway is on the frontage of residential properties and a number of primary and secondary schools.

Mount Olive Drive was designated as a Community Safety Zone as part of the " Vision Zero Road Safety Plan: Designation of Community Safety Zones around Elementary Schools" (Item PW30.5 adopted as amended by City Council on June 26, 27, 28 and 29, 2018).

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2018.PW30.5>

The location of the community safety zone designation on one section of Mount Olive Drive was misidentified in the original report/item as being between Canve Crescent and Kipling Avenue, when it should be between Vange Crescent and Kipling Avenue. In order for this community safety zone to be signed and enforced, a correction is required.

RECOMMENDATIONS

It is recommended that:

1. Etobicoke York Community Council rescind the community safety zone designation in effect at all times on Mount Olive Drive, between Canve Crescent and Kipling Avenue.
2. Etobicoke York Community Council designate a community safety zone to be in effect at all times on Mount Olive Drive, between Vange Crescent and Kipling Avenue.

Thank you for your consideration,

A handwritten signature in black ink that reads "Michael Ford".
