

HL22.1.1

Submission from Gary Thompson

Board of Health Oct 19, 2020 HL22.1

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2020.HL22.1>

Speaker: Gary Thompson

Good morning Brothers and Sisters:

I read the letter Sept 15, 2020 signed by the Chair and Councillor Gord Perks. Interesting for several months overdose death rates higher than COVID.(1) What's being left out and hidden needless non overdose deaths. On a regular basis I am pulling off family and friends giving chest compressions to loved ones who are alive.

Fly on the wall circa 2011 "We are going to teach millions of people deny rescue breaths live hypoxic patients, give chest compressions a beating heart" (2) Goebbels propaganda minister "Dr. Mengele do you think people are that naive? Also Dr. they will kill MDs and their family members" Josef Mengele "We are doctors they will follow orders, taxpayer has lots of money they will fund this" Goebbels "What happens when someone complains?" Angel of Death "We call the Gestapo"

Everything going as planned for the last nine years. Some of the Police are waking up they don't like Police and their family members are being tortured to death.

Everyone may want to pay close attention 2020 Resuscitation Guidelines being published in two days. (3)

Matthew 25:41-2 "Depart from ME, YOU who are cursed ..." 42 For I was oxygen starved and YOU gave ME no breath of life. (4)

Be safe Be kind First do no harm

Thank You

3. Official 2020 American Heart Association Guidelines for CPR and ECC Releasing October 21, 2020 See part Toxic ingestions <https://rqipartners.com/official-2020-american-heart-association-guidelines-for-cpr-and-ecc-releasing-october-2020/> see also addendum

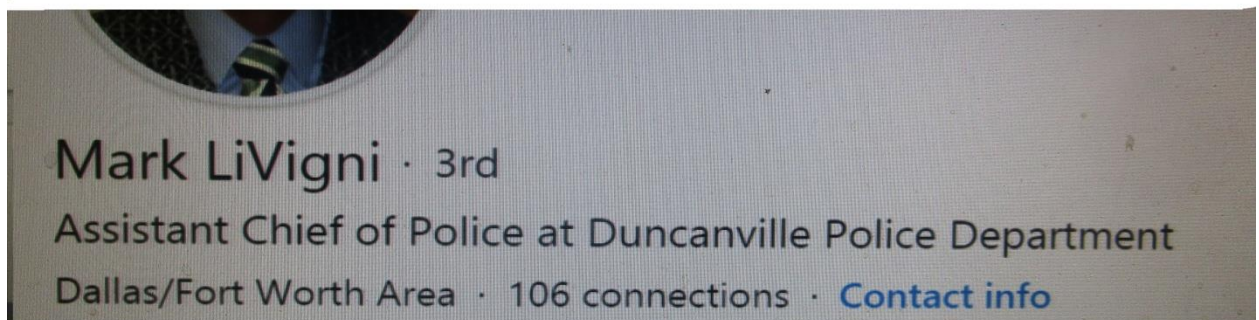

4. Bible quotes 'rescue breathing'
<https://jgarythompson.wordpress.com/2018/02/12/crucifixion-death-by-asphyxia/>

Addendum

Blue lives murder their own <https://youtu.be/OSQcZnAM7Yk>

You need to breathe once every five seconds to stay alive. Millions taught person is not breathing very well (proves the heart is beating) Instructed deny rescue breaths give chest compressions a beating heart, that's murder on both counts. Every police officer knows this so does anyone with common sense. Breathing emergencies are breathing emergencies

Email Response AHA Oct 2, 2020

Vague, resolved when they retrain millions how to save lives

Escalation-RESOLVED

EXTERNAL EMAIL: Treat content with extra caution.

Dear Gary Thompson,

Thank you for contacting American Heart Association!

Your escalation has been resolved. The reply below was provided by our training department :

Thank you for your inquiry. We appreciate your interest in the American Heart Association's Emergency Cardiovascular Care Programs. Our AHA Guidelines for CPR and ECC are based on the most recent and up to date science. Please look to our upcoming 2020 AHA Guidelines for CPR and ECC For updated information regarding opioid toxicity. We thank you for your interest.

If you need more information, please do not hesitate to contact us again by replying to this email or calling (888) 242-8883. We are open Monday - Friday 8:00 a.m. to 5:00 p.m. CST.

Sincerely,

**Ashley D.
Professional Services Specialist**
