Councillor James Pasternak,
Infrastructure and Environment Committee, Chair
Toronto City Hall,
100 Queen Street West, Suite A22
Toronto, ON
M5H 2N2

Dear Chair of the Infrastructure and Environment Committee,

**RE: Prohibiting snow clearing activity within commercial properties
located 100m or less from residential areas between 12am to 6am**

I received a letter from a number of my constituents who are concerned about the noise generated by snow clearing activity on commercial properties located adjacent to residential areas during nighttime hours. These constituents would like the City to amend its by-laws to restrict snow clearing or any other winter maintenance activity involving mechanical equipment, between the hours of 12am to 6am, on commercial properties that are located 100m or less from residential areas.

Recommendation:

The Deputy City Manager, Infrastructure and Development Services report to the Infrastructure and Environment Committee on September 22, 2020 on the feasibility of prohibiting snow clearing activity within commercial properties located 100 metres or less from residential areas between 12 a.m. and 6 a.m.

Sincerely,

Denzil Minnan-Wong
Deputy Mayor, Councillor, Ward 16

DEPUTY MAYOR DENZIL MINNAN-WONG
Councillor, Ward 16 – Don Valley East

100 Queen Street West, 2nd Floor, Suite B33, Toronto, ON M5H 2N2
