## City of Toronto Agenda Item

2020.IE15.8 - Request to Study the Environmental Impact of Two-Stroke Engine Garden Equipment

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2020.IE15.8>

The St Andrew's Ratepayers Association ( located in the Yonge/York Mills area) is appreciative of the recommendation made by Councillors Shelley Carrloo and James Pasternak for a Study of the captioned topic. We are in full support of this recommendation and believe that many of the submissions already made provide important points supporting the banning of Two-Stroke Engine Garden Equipment for environmental reasons.

Gabe Hayos on behalf of Cindy Weiner  
President St Andrew's Ratepayers Association
