Notice of Motion

MM22.4	ACTION			Ward: All
--------	--------	--	--	-----------

Improving Protocol and Transparency around the use of Closed-circuit Television Surveillance Cameras - by Councillor Anthony Perruzza, seconded by Councillor Gary Crawford

** Notice of this Motion has been given.*

** This Motion is subject to referral to the General Government and Licensing Committee . A two-thirds vote is required to waive referral.*

Recommendations

Councillor Anthony Perruzza, seconded by Councillor Gary Crawford, recommends that:

1. City Council direct the Deputy City Manager, Infrastructure and Development Services to consult with the appropriate agencies, including the Toronto Police Service, and to report to the General Government and Licensing Committee on the policy framework, processes and existing protocols that apply to the installation of closed-circuit television surveillance cameras on City right-of-way infrastructure.

Summary

Closed-circuit television surveillance cameras are to be installed at the intersection of Jane and Finch. A notice was released to stakeholders in December, 2019, however, this decision comes without community consultation. The process has excluded the community at large.
