Hello,

Fort York Neighbourhood Association strongly supports Councillor Wong-Tam's motion to request that the province rescind the provincial regulation overriding Toronto's construction noise by-law. During the pandemic, as residents spend more time than ever in their homes, it's important to allow them reasonable enjoyment of their property, free from construction noise. If the spirit of the provincial regulation was to allow for staggered shifts, thereby increasing physical distancing, this has not been what we have observed in Fort York. We therefore support reinstating the existing municipal by-law.

Sincerely,
Fort York Neighbourhood Association
