COMMENTS

Tippet Road is a 10 metre wide two-way local road. Currently, sidewalks exist on the west side of Tippet Road between Wilson Avenue and a point 53 metres south and on the east side of Tippet Road between Wilson Avenue and a point 109 metres south. The area is currently under redevelopment and is comprised of condominium complexes. There is no TTC service operating on this street.

The following parking regulations are in effect on Tippet Road, between Wilson Avenue and the south limit of Tippet Road:

West Side:

- Standing is prohibited at all times between Wilson Avenue and the south end of Tippet Road.

East Side:

- Standing is prohibited at all times between Wilson Avenue and a point 132 metres south.
- Parking is permitted for a maximum of 2 hours between a point 132 metres south of Wilson Avenue and the south end of Tippet Road.

A request has been received from a holder of a valid "Accessible Parking Permit" issued by the Ministry of Transportation of Ontario requesting a designated space.

The proposed location of the on-street accessible parking space is on the east side of Tippet Road, between a point 47.5 metres south of Wilson Avenue and a point 5.5 metres further south. The installation of this accessible parking space will not result in

the loss on-street parking as the area is currently signed as a No Standing area and the location of the spot will not affect traffic flow on Tippet Road.

In view of the above, Transportation Services supports the installation of this designated on-street accessible parking space.
