PROPOSAL

The purpose of this City-initiated Zoning By-law Amendment and Draft Plan of Subdivision is to facilitate the development of three mixed-use buildings, a new public street, expanded parkland, renaturalized open space and a Toronto Transit Commission operations centre on a portion of the City-owned property at 705 Warden Avenue. Development of the property is being advanced as part of the City's Housing Now initiative.

This portion of the property is currently used as a commuter parking facility for Warden Subway Station. The application proposes to amend the Zoning By-law to permit up to 58,200 square metres of development, comprising two mid-rise buildings on Warden Avenue (approximately 9 and 11 storeys), a tall building at the southeast end of the site (approximately 18 storeys) and a Toronto Transit Commission operations centre at the northeast end of the site. Redevelopment of the site in accordance with the Zoning By-law Amendment and Draft Plan of Subdivision will result in a new public street linking Mendelssohn Street and Howe Avenue, expanded park space, retail space, a child care facility, publicly-accessible open space and below-grade parking to accommodate a variety of users. The Zoning By-law Amendment will facilitate the development of approximately 500 dwelling units.

The Zoning By-law Amendment will include rezoning of the existing parkland associated with the Warden Hilltop Community Centre from a Commercial Residential zone (CR) to an Open Space zone (OR) for consistency with its current use and integration within an expanded parkland area.
